

Leaders' Learning Journey 2026 to

PERTH

8th April 2026 to 13th April 2026

9th April 2026 & 10th April 2026

 Growin Early Education Centre

 Little Bright Explorers

Our visits to Growin Early Education Centre and Little Bright Explorers provided valuable opportunities to observe different approaches to early childhood education, learning environments, and leadership practices. Through meaningful conversations and guided tours, we gained deeper insights into how each centre creates nurturing, engaging, and inclusive spaces that support children's holistic development.

We were inspired by the setup of the environments, strong sense of community, and the educators' passion for creating authentic learning experiences for children. During the tour, we reflected on our own practices, strengthen our perspectives on child-centred learning, and explore new ideas that can be adapted within our own education system in Singapore.

Beyond professional learning, the experience reminded us of the importance of collaboration, openness, and continuous growth as leaders in the early childhood sector. Learning from one another across different contexts has strengthened our shared vision of creating meaningful and impactful experiences for every child.

*forest bathing
& trekking*

Location: Kings Park

Stepping into nature reminded us of the importance of slowing down, breathing deeply, and reconnecting with ourselves.

As early childhood leaders, we are constantly caring for others – our children, families, and teams. This forest bathing and trekking experience became a meaningful reminder that leadership also begins with self-care and inner well-being.

Surrounded by the calmness of nature, we reflected on the value of being present, grounded, and mindful. The peaceful environment encouraged us to recharge emotionally and mentally, while strengthening our appreciation for balance, resilience, and sustainable leadership practices.

This journey was not only about exploring Perth's beautiful landscapes, but also about embracing reflection, renewal, and personal growth together as leaders.

13 April 2026

hot air balloon

It was a memorable journey that reminded us of the importance of trust, teamwork, and stepping out of our comfort zones. As we rose above the beautiful landscapes of Perth, we experienced a sense of calmness, wonder, and appreciation for the journey we have shared together as leaders.

Beyond the breathtaking views, the experience taught us valuable lessons about collaboration and collective responsibility. At the end of the ride, all of us came together to assist in packing the hot air balloon. Through teamwork, communication, and active participation, we worked side by side to complete the process successfully.

It reflected the essence of leadership – supporting one another, contributing together towards a common goal, and recognising that every role matters. The experience strengthened our bonds as a team and reminded us that great achievements are made possible when everyone works together with unity, trust, and cooperation.
